### Basic Information

- Place of Origin: Japan
- Brand Name: HITACHI
- Model Number: HITACHI ZX200-3G
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

### Product Specification

- Engine Power: 122kw
- Max Digging Depth: 6670mm
- Max Digging Height: 10040mm
- Bucket Capacity: 0.8m³
- Travel Speed: 3.5/5.5 Km/h
- Product Type: Crawler Excavator
- Fuel Tank Capacity: 400L
- Weight: 2000kg
- Highlight: 10040mm Second Hand Hitachi Excavator ,  
20 Tons Used Hitachi Excavator ,  
Crawler Type Used Hitachi Excavator

### Product Description

## Max Digging Height of 10040mm Used 20 tons Hitachi Excavator

### Product Description:

Used Hitachi Excavator - Product Overview

The Used Hitachi Excavator is a powerful and reliable machine that is perfect for a wide range of construction projects. With its advanced Hitachi Excavator Mechanism, this excavator is designed to provide superior performance and efficiency, making it a top choice for

Our Product Intro

contractors and construction companies.

Featuring a Max Digging Depth of 6670mm, this excavator is capable of tackling even the toughest digging jobs. Its engine power of 122kw ensures that it can handle heavy loads and operate efficiently for extended periods of time. This makes it a valuable asset on any construction site.

The Max Digging Height of 10040mm allows the Used Hitachi Excavator to reach high areas with ease, making it perfect for tasks such as building demolition or digging trenches. Its Bucket Capacity of 0.8m³ ensures that it can handle large amounts of material, increasing productivity and reducing the need for frequent dumping.

Weighing in at 5.85 tons, the Used Hitachi Excavator is a compact and agile machine that can easily maneuver through tight spaces. Its Operating Weight also makes it easy to transport to different job sites, allowing for maximum versatility and efficiency.

But what sets the Used Hitachi Excavator apart from other excavators on the market is its Hitachi Excavator Mechanism. This advanced mechanism ensures smooth and precise movements, making it easy to operate and reducing the risk of accidents. It also boasts a durable construction, ensuring that it can withstand the rigors of heavy-duty use.

In conclusion, the Used Hitachi Excavator is a top-performing machine that is perfect for any construction project. With its powerful engine, impressive digging depth and height, and advanced Hitachi Excavator Mechanism, it is a valuable asset that will greatly enhance the efficiency and productivity of any construction team.

Technical Parameters:
